To: Prof. Inna Safonova
Passport 75 3746684
Issued on September 27, 2016
Valid until September 27, 2026

Novosibirsk State University
Pirogova St. 1,
Novosibirsk, 630090, Russia

Dear Prof. Inna Safonova

In order to promote our collaborative research on "Comprehensive study of the Paleozoic Central Asian Orogenic Belt and the present West Pacific Accretionary System", I am pleased to invite you to visit the Nanjing University during April 3 to May 3, 2018. Your stay at the Nanjing University will be supported by a grant from the State Administration of Foreign Experts Affairs P.R. China (SAFEA; grant no. DL2017NJDX020), which will cover your international trips and accommodation in China. In the Nanjing University we will be doing joint geochronological and geochemical research of samples from the Central Asian Orogenic Belt, including those to be performed in the frame of your project # 14.Y26.31.0018 «A multidisciplinary study of Pacific-type orogenic belts and development of a holistic model linking evolution of oceans, their active margins and mantle magmatism», writing joint scientific papers to international journals as well as we expect you will present 2-3 lectures on the geological evolution of the Central Asian Orogenic Belt, in particular, its ocean plate stratigraphy units, tectonic erosion and mineral resources.

Sincerely yours,

Prof. Bo Wang

Dear Miss Alina Perfilova

I am pleased to invite you to visit the Nanjing University during April 8 to April 17, 2018 to conduct analytical research at the lab of Department of Earth Sciences. Your experiment is an important part of the collaborative research on "Comprehensive study of the Paleozoic Central Asian Orogenic Belt and the present West Pacific Accretionary System" between the Nanjing University and the Novosibirsk State University, which is led by Prof. Inna Safonova and myself. You will stay at the hotel of Nanjing University, and your room has been reserved. Please apply for your visa with your passport (No. 75 5633894). If any requires necessary for your trips, please feel free to let me know.

Look forward to meeting you here soon.

Sincerely yours,

Prof. Bo Wang
